

LDPE WASH BOTTLES

LDPE Wash Bottles are made from lab quality low density polyethylene (LDPE). These LDPE Wash Bottles have smooth, precision, sputter-free fluid dispensing with an ergonomic soft squeeze. Ideal for rinsing tubes and lab apparatus, bringing volumetric flasks to final volume and other precision rinsing and solution dispensing needs.

Translucent White Wash Bottle

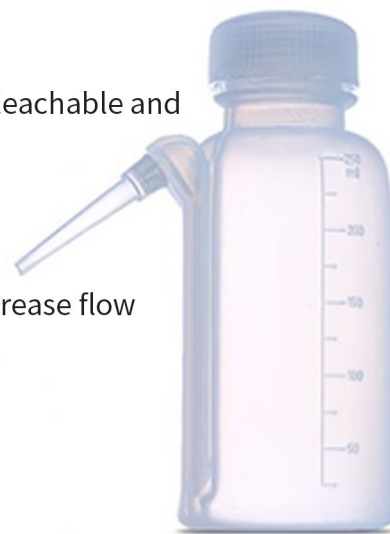

- ▶ Polypropylene screw closure/stem with PPCO draw tube
- ▶ Tip can be cut back to provide increased flow
- ▶ Tight fit of draw tube and closure prevents separation when squeezing bottle
- ▶ Flexible LDPE bottle provides soft, ergonomic squeeze
- ▶ Sputter-free, precision stream
- ▶ Manufactured from non-toxic materials

Catalog No.	Description	Capacity	Pack Size
CS-C46041-0250	Wash Bottles, LDPE, Narrow Neck, Capacity- 250mL	250 ML	6
CS-C46042-0250	Wash Bottles, LDPE, Wide Neck, Capacity- 250mL	250 ML	6
CS-C46041-0500	Wash Bottles, LDPE, Narrow Neck, Capacity- 500ml	500 ML	6
CS-C46042-500	Wash Bottles, LDPE, Wide Neck, Capacity- 500mL	500 ML	6
CS-C46041-1000	Wash Bottles, LDPE, Narrow Neck, Capacity- 1000ml	1000 ML	6

LDPE Wash Bottle (Vent Style)

- ▶ Made from high-quality, laboratory-grade, plastic material for dependably low leachable and extractable.
- ▶ Bottle and dispensing straw are molded in one piece to prevent contamination when refilling.
- ▶ Tip delivers a straight, uniform, ultrafine stream, but can also be cut back to increase flow
- ▶ Contents can be dispensed without tipping or shaking

Catalog No.	Description	Capacity	Pack Size
03-409-250A	Wash Bottles, LDPE, Narrow Neck, Vent style	250 ML	6
03-409-500A	Wash Bottles, LDPE, Narrow Neck, Vent style	500 ML	6
03-409-1000A	Wash Bottles, LDPE, Narrow Neck, Vent style	1000 ML	6
